# CGPU REPORT_2018-19

### by

**Lt Col Saju Thomas (Retd)**
Prof of Training & Placement

## Introduction

Placement is an outcome of competency and we groom students to reach the desired level of competence. Each student is eventually responsible for his/her placement by drawing upon the learning and other opportunities made available at the institute. The aim of this report is to review the activities of Career Guidance and Placement Unit (CGPU) for the year 2018-19.

**Training**

Preparing the students to become top quality professionals with strong human values is the Quality Policy of ACE. CGPU training started right from first year first day through our

Orientation Program. Cliff Marcus and Vishnu Raj from *Career Launcher Educate Ltd* really inspired the new comers to become the best in their profession without compromising on integrity.

The second and third years were put through the weekly online aptitude tests under the close supervision of the Faculty Coordinators (FC) of CGPU. The toppers of each branch were awarded 'Campus Express'. The final *CGPU Score* for each semester is taken into consideration for deciding the *Eligibility List* for placements.

The Final Years as they had already gone through the gruelling of the aptitude tests were given 5 days pre-placement training on GD and PI. A mock interview session was carried out for all the eligible students with the help of a professional team from Infiniz IT Solutions.

**Internships**

Over the course of past few years, Internships have become a major aspect in every student's personal growth and development. It gives them an exposure to a particular industry and helps them to make a well-informed career choice. Keeping this in mind, CGPU has formulated an *SOP for Internship*. This was implemented religiously by all the Departments, ensuring that all eligible students complete their internships before the placement season.

**Placements**

The pre- final year students were given a presentation on the placement process and the CGPU Policy. Student registration for campus placements were completed in May 2018. A total of 57 students from various branches registered for placements.

Formal Campus Placements involving company interviews were conducted in various phases starting from Oct 2018. Preparation and behind the scene activity by FCs along with the SCs and SRs started well before that. The list of drives conducted by ACE are as follows:

| Ser No | Date | Company | Branches |

**Conclusion**

The efforts of the CGPU Team, combined with the excellent academic system and the opportunity for all round development, has contributed to making ACE one of the preferred destination for recruiters as well as students. The success of the placement endeavour can be attributed to the willingness of the students to put in hard work as well as the tremendous support provided by the administration, HoDs, Faculty, Student Volunteers and other well-wishers. The CGPU Team thanks them all and look forward to their continued support. We also would like to express our sincere gratitude to the following partners with whom we have an MoU:

- Career Launcher Educate Ltd
- ICTAK
- Team Ten- Consortium
