

Learning should be a pleasant experience and the little stars of the The Oxford School, Trivandrum learn through fun and fervour. The enthusiasm shown by the kids is the result of the joyful learning experience provided to them. The learning outcomes are wrapped up in the demonstrations of the knowledge of various concepts they learn in the classrooms. Their readiness to ideate, create and display is commendable, thanks to the combined efforts of the teachers and the parents in the online learning process. Learning by doing with enhance their skills required for being competent in their lives. Let us work together further to enhance their skills and make them competent individuals befitting the requirements of the 21st century.

Sincerely,

Principal

Dr. Abdul Salam

Community Helpers Day

“Community Helpers Day” is a wonderful way to broaden the child's horizon and help them to learn about the world beyond home—their community. Educating students about the community helpers and the kind of roles they play in our daily lives is highly important. Our KG kids celebrated community helpers day on 16th

December at a virtual platform. They were dressed up as nurses, policemen, doctors, soldiers and teachers. It helps understand the world around them and also develops their social-emotional skills. They Presented their views happily and told that they were proud to be dressed as community helpers.

"Every child is a different kind of flower and all together makes this world a beautiful garden."

14th November is celebrated as Children's Day every year in India. This special day is celebrated in remembrance of India's first Prime Minister Jawahar Lal Nehru, born on November 14, 1889. He was also known as Pandit Nehru. Nehru, who was fondly called Chacha Nehru or simply Chachaji, was very popular amongst children for his love. November 14 marks Nehru's devotion to the welfare, education, and development of children and young people.

A day marking childhood, and to make this event memorable for our little ones, The Oxford school celebrated Children's Day on 14th November 2021 virtually. The day focused on children and their enjoyment. The day was commemorated with immense joy, enthusiasm, and magnificence. The Tender care celebrations began with the Morning Prayer, followed by a variety of fun-filled activities.

Parents know a lot but grandparents knows everything

Grandparents are a family's greatest treasure, the founders of a loving legacy, The greatest storytellers, the keepers of traditions. Grandparents are the family's strong foundation. Through their special love and care, grandparents keep a family close at heart.

With its strong belief in the overall and holistic development of the child, The Oxford School continues to instill values even in these unprecedented times through the means of virtual gatherings. One such ceremonial occasion was on February 4th, 2022, Friday, in which people witnessed the Celebration of Grandparents Day via live streaming on google meet. The zealous tender care presented a vibrant and colourful show expressing themselves by showcasing their activities and talking about numerous things that their Dadus and Dadis have taught them. The children and their grandparents felt exhilarated in sharing their stories and experiences together. A few of them enlivened the atmosphere with rhymes, songs. The bond between the children and their grandparents was palpable while they were engrossed in the handprint activities. The general mood was one of exultation and everyone seemed truly happy. It was a successful event

Train, Train Go away

To recognize the various modes of transport and to understand the transportation system of our country. Transportation day was celebrated in kindergarten. Students were enthusiastic in presenting different modes of transportation with their toy vehicles. They also learnt the use of helmets, license, traffic rules, various emergency vehicles like ambulances, fire Brigade etc. They shared their travel experience and made the day a wonderful one.

Freedom is not free until it gives equal rights to all

Republic Day is celebrated on 26th January every year to mark the day on which our constitution came into effect in 1950. Our kids celebrated Republic Day virtually and made various posters and delivered speeches. They showed their love & respect for their country by holding the National flag up.

Free Beads Counting

"It all started with one little bead ".Beads and thread are the perfect counting tools for pre-schoolers. These little hands gained wonderful fine motor skill practice when threading the beads to practise for Number '12'. The natural method of learning has imprinted the concepts in their minds to connect them to their neat life.

Smile is like an umbrella. It's beautiful when open

'U' for umbrella. Kids developed fine motor skills and visual spatial skills through this activity and learnt its uses. Our little ones made to pretty umbrellas with a smiley faces to add beauty to their hands on learning activities. Our kids are smarter in demonstrating their knowledge through such wonderful activities.

Learning Letter 'X' with Xylophone

Kids love to play in their own world. They made a xylophone for the letter 'X' with colorful papers to develop their vocabulary and descriptive language skills. Our kids were tuned with hand made xylophone music.

Count me In

Counting numbers is important to understand that numbers have an order and also to be able to count numbers easily. Kids made an awesome calendar from 1-30 and they learnt about many things such as birthdays, weather, seasons, days, and numbers.

**Every number has a name,
every name has a story,
every story is blended
with colours**

It is not an easy task to learn number names, but it is possible to learn the names by using a colorful hanging chart. The activity helped children learn the spellings by sight with a rhythm. Our little ones made rainbow cards for number names and made it a different way of learning.

To every bird, his own nest is beautiful

Knowing nature and the ecosystem at an early stage is important. KG kids learnt about birds, their names, body parts, and habitat through various activities. Our kids made tiny nests just as the birds weaving their nests. Such activities not only enhanced their learning concept but enriches of life.

Fa la la fabulous Seasons

Our kids re-created the seasons in a frame for learning. The activity developed their personal social skills, fine motor skills, and vocabulary skills. Kids learnt about weather, available food, and clothes as they created the season. Children's ability to articulate about their favourite season should be highlighted. Hard to choose which season is more beautiful.

"Water Water Everywhere"

Fish don't have feet, so they can't walk. We don't have fins, so we can't swim across the ocean, but there are many ways to travel over and under water. Tiny tots made paper boats and floated them on water. Our little ones learnt more about water transport through hands-on learning activities.

Firefighters save Hearts & Home

Our little firefighters stole the heart of everyone through hands-on demonstrations of their learning. It included three different learning centers and activities for Letter 'F'; fire fighters, fire safety and fun. The activities gave them convert idea on safety precautions to be taken in the event of fire breakouts.

Hot & Cold Water Science Experiment

Our kids learnt about the Hot and Cold concept with live experiments for Letter 'H'. This simple experiment provided kids with the opportunity for sensory exploration and practical application. Parents and Teachers helped them to do the experiments carefully and witness the results as an outcome of the learning.

Glennar

Slap on sight words

A great one for active learners! Rotate the spin wheel, read the sight word, and slap on the sight words. They make learning sight words engaging and fun while also being very effective. The activity includes sensory experiences, gross motor skills.

“There is no man like a snowman. There's no time like snow time”

Learning and recognizing numbers and number names was very exciting. Students learnt to sort. Learning and practising numbers was entertaining. The winter theme match-up was a great resource that helped our little learners to identify and practice their number skills. Snowman number match-up is used for students struggling with this concept and it was overwhelming. Students had a good time while playing this number match-up and showcased their mastery of number sense skills.

Number Hopscotch

The game every child should learn and our Tiny Tots are never behind in learning new things. Number Hopscotch combines a child's favorite game with learning. By playing, children build fundamental skills necessary for addition, such as remembering a number & then counting by one to get their answer. Our kids hopped from one box to another to learn Number '10'. It was fun and children learnt the concept through this hands on activity.

Lets learn digraph and diphthong with fruit loops

After students have learned all consonant and short vowel sounds, they are ready to learn consonant digraphs where two vowels make a special sound when combined. They can recognize the sounds that are linked to digraphs. This activity helped them to make new words and sentences that develops their speaking and writing skills.

We bring
Rare content to you.
And
Drive the potential
In you to
Outshine always!

WORLD
RADIO
DAY

Our kids celebrated World Radio Day virtually on 14th February, 2022. Students learnt that radio was an old news device and an indispensable component of the ancient period. They celebrated World Radio Day by making posters and speeches. The main purpose behind celebrating World Radio Day was to raise awareness among the students and society to know the importance of radio.

Little Oxfordians STEAL THE

The second year kindergarten students of The Oxford School Trivandrum have graduated to class one. To mark the occasion, a convocation ceremony was held in the auditorium on March 26.

CBSE Trivandrum City coordinator Shiny Mathew was the chief guest. The children who had spent two years in online classes were excited and enthralled to meet their

classmates in person. The auditorium was lively with energetic and cheerful children and their sweet character.

Principal Abdul Salam congratulated the children on their success. He appreciated the parents and teachers for their tremendous efforts and cooperation in conducting the online classes with daily routines embedded in the schedule.

SHOW AT Graduation Ceremony

The second year kindergarten students of The Oxford School Trivandrum have graduated to class one. To mark the occasion, a convocation ceremony was held in the auditorium on March 26.

CBSE Trivandrum City coordinator Shiny Mathew was the chief guest. The children who had spent two years in online classes were excited and enthralled to meet their classmates in person. The auditorium was lively with energetic and cheerful children and their sweet character.

Principal Abdul Salam congratulated the children on their success. He appreciated the parents and teachers for their tremendous efforts and cooperation in conducting the online classes with daily routines embedded in the schedule.

The tiny tots were handled effectively by the teachers throughout their journey of acquiring new concepts by malting them

Every day is a Character Day

Character is built upon the foundational commitment of love, honesty and compassion for one another. Our little ones celebrated 'Character day' on 3rd December. Kids were let to live in their fantasies by dressing up in their favorite characters. The purpose to celebrate this day was not only to blend learning but also to develop confidence in the students by giving them opportunities to speak in front of their classmates. It helped our little ones to gain confidence.
